

## **Longlife II 0W-30 Fully synthetic engine oil**

An ultra-high performance, fully synthetic, fuel-efficient engine oil, specially developed for Audi, SEAT, ŠKODA and VW long-life service intervals; for petrol and diesel engines with or without pump injector technology and with excellent cold starting and low oil consumption.

### **Description**

Quantum Longlife II 0W-30 was designed especially for VW and Audi diesel and petrol engines for (WIV) extended service intervals and includes engines fitted with pump unit injector technology. It uses modern extended drain additive technology and provides the highest performance in both petrol and diesel engines even in the harshest climates. Quantum Longlife II 0W-30 has optimised high temperature viscosity to ensure optimum fuel economy.

### **Application**

Quantum Longlife II 0W-30 was developed for VW engines with extremely good energy saving properties. It is suitable for petrol and diesel engines but is especially suited to diesel engines with variable / extended service intervals including PD engines, including the R5 or V10 TDi engines where VW 506 01 engine oil is specified. Quantum Longlife II 0W-30 will mix with other oil but to gain the full benefit and to fully utilise the products benefits, it is recommended to change the oil completely when changing to the Quantum grade.

### **Key Points**

- Especially suited to WIV service intervals in VW group engines
- Recommended for the R5 and V10 TDi engines
- Excellent fuel economy
- Excellent wear protection.
