

QUANTUM OIL ABSORBENT SOCK

Sock - 90783

Product Information

Oil Absorbent Poly Sock is a very versatile sock, which handles petroleum-based fluids in routine industrial applications and difficult access areas.

Oil Absorbent Poly Socks can be used for skimming oil off water in tanks, reservoirs or catch basins.

Cost effective: absorbs up to 25 times its own weight.

Disposal: Can be incinerated with less than 1% ash.

Hydrophobic: Repels water to selectively absorb only petroleum and hydrocarbon based fluids.

Application: Lightweight easy to handle material can be cut easily to fit into any tight spot.

	Per Item	Per Pack
Pack Size		12 socks
Weight	0.35kg	4.2kgs per box
Product Dimension	7.5cm	122cm
Composition	Polypropylene	Polypropylene
Colour	White	White
Absorbency Capability: (teat method to BS7959-1:2004)	Diesel Oil: 2.55 litres Hydraulic Oil ISO32: 3.15 litres Engine Oil 10w40: 3.42 litres	30.6 litres per Pack 3.42 litres per Pack 41.0 Litres per Pack

Disposal Information

Oil Absorbent products must be disposed of in compliance with local authority guidelines.

Because various fluids absorbed may be of toxic or hazardous nature, Oil Absorbent does not recommend disposal procedures.

Before using this product in a spill incident, a risk assessment should be carried out and the hazardous properties and dangerous reactions should be taken into account.

Further technical advice is available on request.
