## Longlife II 0W-30 Fully synthetic engine oil

An Ultra-High Performance fully synthetic, fuel-efficient engine oil, specially developed for Audi, SEAT, Skoda and VW long-life service intervals. For petrol and diesel engines with or without pump injector technology. Excellent cold starting and low oil consumption.

### Description

Quantum Longlife II 0W-30 is designed especially for VW and Audi diesel and petrol engines for (WIV) extended service intervals and includes engines fitted with Pump unit injector technology. Quantum Longlife II 0W-30 uses modern extended drain additive technology and provides the highest performance in both petrol and diesel engines even in the harshest climates. Quantum Longlife II 0W-30 has optimised high temperature viscosity to ensure optimum fuel economy.

### Application

Quantum Longlife II 0W-30 was developed for VW engines with extremely good energy saving properties. It is suitable for petrol and diesel engines but is especially suited for diesel engines with variable / extended service intervals including PD engines, including the R5 or V10 TDi engines where VW 506 01 engine oil is specified. Quantum Longlife II 0W-30 will mix with other oil but to gain the full benefit and to fully utilise the products benefits. It is recommended to change the oil completely when changing to the Quantum grade. Safety data sheets can also be found on the Quantum website.

### Key Points

- Especially suited for WIV service intervals in VW group engines
