SYNTA RN 5W-30

Fully synthetic engine oil

A Fully Synthetic High-Performance low-ash engine oil specially developed for use in Renault and PSA petrol and diesel engines with exhaust aftertreatment and turbochargers. Excellent cold start, reduced oil consumption and helps reduce exhaust emissions.

Description

Quantum SYNTA RN 5W-30 is a fully synthetic engine oil with excellent fuel-economy designed for use in passenger cars and light commercial vehicles. Quantum Synta RN 5W-30 is specially developed for PSA and RENAULT vehicles with exhaust after treatment and turbocharger. Quantum SYNTA RN 5W-30 provides excellent wear protection, engine cleanliness, reduces deposits and varnish and protects from corrosion. Also suitable for use in certain hybrid vehicles of different manufacturers.

Application

Quantum SYNTA RN 5W-30 is suitable for vehicles running on petrol, diesel, and gas (LPG, CNG) and with modern exhaust aftertreatment devices. Quantum SYNTA RN 5W-30 can be used for all Renault petrol engines (except RS and Alpine), Euro 6 diesel engines and some older models without particulate filters. Check website lookup to confirm. Quantum SYNTA RN 5W-30 is also suitable for use in any vehicle where ACEA C2/C3 is specified. Quantum SYNTA RN 5W-30 will mix with other oil but to gain the full benefit, it is recommended to change the oil completely when changing to the Quantum grade.

Key Points

- Especially developed for Renault and PSA engines
- Lower fuel consumption and improved exhaust emissions
- Reduced oil consumption and internal engine deposits
- Ideal for mixed OEM fleets
- Suitable for certain hybrid vehicles, subject to OEM requirements
