

An Ultra high-performance fuel-efficient engine oil specifically developed for modern Ford engines which require the specification WSS M2C950-A.

Description

Quantum ULTRA ECO-FE OW-30 is a premium fully synthetic, energy conserving, engine oil for use in Ford diesel engine passenger cars. Quantum ULTRA ECO-FE OW-30 is based on the latest in additive technology along with a combination of high performance base oils.

Application

Quantum ULTRA ECO-FE 0W-30 satisfies the requirements of vehicles requiring M2C950-A. As well as this specification Quantum ULTRA ECO-FE 0W-30 is also suitable for use in any vehicle where ACEA C2 is the requirement. Quantum ULTRA ECO-FE 0W-30 will mix with other oil but to gain the full benefit it is recommended to change the oil completely when changing to the Quantum grade.

Key Points

- Improved fuel economy
- Excellent wear protection
- Inhibits deposits in engines and turbochargers
