OIL

TPS' range of Quantum Oil products have been rigorously tested to match the performance of today's modern engines.

Each oil variant has been designed to meet and exceed modern engine specifications while continuing to perform right up to the next oil change. That's probably why **95% of vehicles** on UK roads can use Quantum Oil to ensure a smooth performance every time.

Find the correct oil for your customer's vehicle using our VRN lookup tool on tps.trade.

THE FULL RANGE OF OIL.

LONGLIFE

This oil is suitable for extended longlife service intervals. Suitable for use in any vehicle where ACEA C3 is the requirement.

SYNTA

Formulated for use in both petrol and diesel engines. It uses modern additives and a combination of high-performance base oils to provide outstanding performance.

ULTRA

High-quality, premium oil with improved fuel economy and excellent wear protection.

PLATINUM

Fully synthetic, premium high-performance low-ash engine oil specifically developed for petrol and diesel engines with particulate filters and engines with turbochargers.

ANTI-FREEZE

Available in: 1L, 5L, 20L, 205L

Quantum offers a choice of four formulations, covering the majority of the UK vehicle parc, offering protection against corrosion, freezing and overheating.

ADBLUE®

Available in: 1L, 5L, 20L, 205L

Quantum AdBlue® offers exceptional quality and adheres to the ISO22241 standard and traceability.

BRAKE FLUID

Available in: 1L, 5L, 20L

Quantum Brake Fluid is engineered to provide exceptional braking performance under the harshest of conditions.

SCREENWASH

Available in: 100ml, 1L, 5L

Quantum Screenwash is available in ready to use, concentrate and premium concentrate formulations. It offers protection of between -15°C to -30°C.

MIXING WATER

Available in: 5L, 25L

Quantum Mixing Water is specifically formulated to meet Volkswagen Group standards for mixing with anti-freeze and screenwash to prevent limescale build up.

BATTERIES

**Get off to a great start every time
with Yuasa and Super Start batteries.**

As trusted names in high-performance batteries, Yuasa and Super Start, have been carefully designed with unique internal components and design features to combat failure and to extend the battery life.

All Yuasa and Super Start batteries are supplied fully charged and ready to fit, with integrated carry handles, enhanced safety features and are maintenance free.

**Find the correct battery for your
customer's vehicle using our VRN
lookup tool on tps.trade.**

**SCAN THE QR CODE FOR
THE FULL RANGE OF BATTERIES.**

SUPER START

A range of the most common batteries in the UK, including stop-start technology batteries, at a competitive price.

YUASA 3000 AND 5000

Offering the standard 3000 range and the premium quality 5000 range from Yuasa.

YUASA STOP-START

Replacing a battery with a product designed and engineered for vehicles fitted with advanced technology such as stop-start is vital for the health of the vehicle and the longevity of the battery. The range offers both EFB and AGM batteries to meet those specific demands.

HEAVY DUTY AND LEISURE

Heavy duty and leisure batteries are suitable for commercial and agricultural vehicles, caravans and classic cars.

**Always replace your batteries according
to manufacturer specifications.**

WIPER BLADES

Quantum wiper blades have been stringently tested to perform in the most adverse of weather conditions to offer quality performance on every pass of the blade.

Available in standard, flat and rear, they are easy to install, **cover 92% of vehicles on the road** and deliver excellent, streak-free wipes all year round at great value.

Find the correct wiper blades for your customer's vehicle using our VRN lookup tool on tps.trade.

SCAN THE QR CODE FOR
THE FULL RANGE OF WIPER BLADES.

STANDARD WIPER BLADES

Standard blades are available in sizes 11" to 26", with spoilers available on certain sizes.

FLAT WIPER BLADES

Equipped with a special tensioned metal strip inside the rubber, these blades are more aerodynamic with a built-in spoiler for reduced wind noise. Smaller than conventional wiper blades, flat blades offer less visual obstruction in the driver's field of vision, available in sizes 14" to 30".

REAR WIPER BLADES

Specifically designed to fit the rear of the vehicle with built in adaptors, available in sizes 11" to 16".

For optimal performance we recommend your customers change their wiper blades every 12 months.

BULBS

Quantum's range of bulbs are manufactured to the highest regulatory standards.

Whether you need halogen, xenon or miniature bulbs, Quantum's range has got you covered.

Find the correct bulbs for your customer's vehicle using our VRN lookup tool on tps.trade.

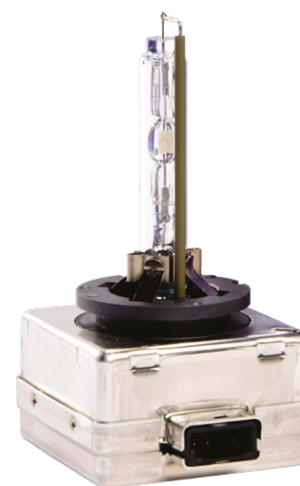

SCAN THE QR CODE FOR
THE FULL RANGE OF BULBS

HALOGEN BULBS

Quantum offers a range of halogen bulbs and kits including premium bulbs that deliver a superior field of vision on the road over standard halogen bulbs.

XENON BULBS

Quantum xenon lamps provide a major leap in road safety over conventional halogen bulbs with a greater illuminated area of the road.

MINIATURE BULBS

The Quantum range of mini bulbs are perfect for interior and exterior use and cover a host of functions from indicator lights to interiors and number plates.

SEALANTS AND ADHESIVES

Seal leaks and bond surfaces with a comprehensive range of sealants and adhesives from leading brands for optimal results.

SPRAYS AND GREASES

Lubricate effectively with a range of Quantum Sprays and Greases to ensure smooth operation every time.

BRAKE AND CLUTCH CLEANER

Available in: 400ml, 5L

Remove dirt, grease and grime from braking and clutch components with Quantum Brake and Clutch Cleaner that penetrates into crevices for a superior clean.

DE-ICER

Available in: 750ml

The fast-acting formula of Quantum De-icer removes frost from glass and effectively reduces refreezing down to temperatures -25°C.
