SYNTA C-1 5W-30

Fully synthetic engine oil

A Premium Performance, fuel-efficient low-ash engine oil specifically developed for Jaguar Land Rover diesel engines with particulate filters and turbochargers. Also suitable for some Mazda and Mitsubishi engines where ACEA C1 is specified.

Description

Quantum Synta C-1 5W-30 is a modern engine oil for cars and light commercial vehicles fitted with exhaust aftertreatment devices and provides excellent fuel efficiency due to its low high temperature viscosity. Quantum Synta C-1 5W-30 maintains turbocharger cleanliness and provides optimum compatibility with exhaust catalysts and diesel particulate filters.

Application

Quantum Synta C-1 5W-30 satisfies the requirements of vehicles fitted with exhaust gas aftertreatment devices such as SCR and DPF. As well as this Quantum Synta C-1 5W-30 is suitable for use in any vehicle where ACEA C1 is the requirement. Quantum Synta C-1 5W-30 should only be used in diesel engines running on low sulphur fuel. Quantum Synta C-1 5W-30 will mix with other oil but to gain the full benefit it is recommended to change the oil completely when changing to the Quantum grade.

Key Points

- Lowest SAPs formulation for optimum exhaust aftertreatment compatibility
- Excellent wear protection
- Optimum fuel economy
